MARCH 2012

PRESIDENT'S CORNER

Hello Fellow Tin Lizzies,

As you are all aware of, we are hosting the MTFCA National Business Meeting this month. On Thursday the 22nd which will be the meet n greet to kick off the weekend; it sure would be nice to have total participation of our members. Even if you are not able to partake in the whole event, please do what you can to make it for this night. Help make this weekend a great success and show just what Albuquerque is all about . . .

The warmer weather is creeping up on us which means we all need to have our T's ready to drive. Now this brings me to the work parties that Larry & Lorna have so graciously been hosting @ their house (workshop). Can you think of a better way to get something fixed or to have your T checked over? Please do not hesitate to ask for help on something—we have a club full of knowledge just waiting to be shared. Next work party will be on the 10th following the breakfast.

See ya then

Thanks,
Dean

In Memorium : BRUCE W. McCALLEY

One of six founders of The Model T Ford Club of America, died Wednesday, February 15, 2012. Known world wide as the preeminent historian of the Model T Ford, Bruce was an eloquent and often humorous author. His mission was to disseminate as much information on the car as he possibly could and he dedicated his lifetime to doing just that. The bane of his existence was the people who refused to share their knowledge or skills. Bruce was born in San Diego, CA, on February 4, 1926, and lived in California until 1991 when he moved to Allison Park. While in California he worked in the electronics business for a time. He was editor of THE VINTAGE FORD, from its inception in 1966 until 1991. He also served as office manager for the Model T Club. Bruce continued to research and write articles into his retirement and spent many days at the Ford Archives in Dearborn, MI, researching old Ford records. Without question, he was universally honored as the quintessential information source for the car that changed the world. He authored several books: THE MODEL T FORD ENCYCLOPEDIA; MODEL T FORD, THE CAR THAT CHANGED THE WORLD, (coauthored) FROM HERE TO OBSCURITY and wrote a lengthy series of technical manuals. Because all of the books are now out of print, Bruce transferred the encyclopedia to CD's so that people could still access the information. Until shortly before his death, he continued to add and revise material on the disks. He was the first recipient of The Model T Club International Lifetime Achievement Award and was extremely proud and humbled by the designation. The award recognized his tremendous devotion to the hobby.

FEB T N VITTLES by Betty Housholder

I want to Thank everyone that came and for your patience during serving time. I understand that Fiestas is not usually that busy on a Saturday morning. A great big THANK YOU to Linda for all of her help with coffee, tea and water. Also getting silverware out to people. We had 32 attend and 8 Model T's. We had four guests and hope that some come back for the meetings and get better acquainted with the Club. Again, Thanks and hope to see all of you at breakfast next month.

Photos by Mark Wing: see more Photos on our website

Julie Dilts brought up that since our club has grown in size, it's a good idea to make sure the restaurant can accommodate us, & have plenty of wait staff.
